Description

“Alone we can do so little; together we can do so much.” Those words from Helen Keller are as poignant as ever and present to us a great challenge as we navigate our way through an increasingly divided and fractured world.

Scripture gives a clear mandate – unity is essential – and it’s a God-given unity centred on mission and the primary truths of faith. For the sake of the world, let us fully embrace this opportunity to be one for a purpose.

Specially designed for small groups and individuals, this workbook contains material for seven sessions and a prayer resource section, all of which help small groups engage with the Scriptures and apply them to daily life.

Each study on unity includes a Bible passage, key thoughts and comments, questions to reflect upon or discuss, action points and prayer guidance.

Description

Before United Pursuit was a band, we were friends who spent a summer in Mozambique, 2006 with Iris Ministries. If you haven't heard about Iris, you need to go pick up a book called "There's Always Enough" – Its the story of Heidi and Rolland Baker moving to Mozambique, and their ministry to the orphaned and poor. This isn't your typical missionary story. Its a radical journey of faith, that started with picking up one orphan on the street, and has turned into rescuing hundreds and hundreds of kids of the streets, as well as planting 5000+ churches all through Mozambique, and now spreading into different African nations. Amazing stories of miracles have become "normal" – food multiplying, the blind getting sight....amazing! We saw it with our own eyes. Needless to say, we were VERY impacted by our time there.

After spending the summer in Mozambique, we definitely came home with an "anything is possible" mentality. That's when we bought a old house, turned it into a studio, and started capturing the songs that God put in our hearts, many from Mozambique. (Come Away for example)

It was in Mozambique that we found our "why".
Why we believe what we believe.
